The Heys School

Introduction

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled students can participate in the curriculum
- Improve the physical environment of the school to enable disabled students to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled students

Our school aims to treat all its students fairly and with respect. This involves providing access and opportunities for all students without discrimination of any kind.

The purpose of this plan is to show how The Heys School intends, over time, to increase the accessibility of our school for students with a special educational need or disability. At the heart of The Heys School's ethos is seeing the whole child. We therefore include in this plan how we can increase accessibility for the families of these children, as well as support any parents who may have a special educational need or disability.

The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Realising Greatness

The Heys School

Schools are required to make ‘reasonable adjustments’ for students with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled students. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

Actions	Success Criteria	Milestones	Monitoring & Evaluation	Resources
To adhere to legislation				
<p>The accessibility plan to be reviewed and revised on an annual basis.</p>	<p>The accessibility plan is reviewed and revised by the school SENDCO on an annual basis.</p> <p>The accessibility plan is placed on the agenda of the annual Full Governing Body meeting to ensure all governors are aware of the plan and the current situation in school.</p> <p>School will be adhering to legislation.</p>	<p>Annually (September)</p>	<p>SLT and SENDCO to meet annually to go through the revised accessibility plan and current report, prior to the Full Governing Body meeting.</p>	<p>Management Time</p>
To improve staff awareness of SEND issues.				

Realising Greatness

The Heys School
