

Maximise our potential, to be the best we can be, every day.

May 2026

Dear Parent/Carer,

I am writing to inform you that all Key Stage 3 students will be completing end of year assessments in each of their subjects during the fortnight beginning **Monday 15th June**.

These assessments are an important part of our curriculum. They allow us to evaluate each student’s understanding of the work they have covered this year and help to identify areas of strength as well as areas for further development. They also provide valuable experience in preparing students for future examinations as they progress through the school.

Examinations will take place both in the sports hall and in classrooms, depending on the subject and size of the group. Students will be fully supported throughout the process, and staff will ensure that they feel confident and well-prepared.

We will continue to support all students in lessons in the lead-up to the assessments, including revisiting key knowledge and practising exam-style questions. Students are encouraged to revise regularly at home and to approach staff if they need any additional help.

Below is the timetable of exams for year 8 students:
